## Court Okays Santino Development

An Illinois Appellate Court has ruled that Thomas F. Santino can build a planned unit development on his land at Antioch Country Club.

The court for the Second District of Illinois said the issue before it was "whether a denial of the special use permit" to Santino was "so arbitrary, capricious and unreasonable that it denies the plaintiffs due process of the law."

The appellate court ruled that the denial of a special use permit to Santino was "arbitrary and unreasonable."

THE COURT decision said: "We note that there is no objection raised as to whether the planned unit development as designed is compatible with the surrounding area. The evidence clearly shows that any potentially incompatible aspect or use of the development is adequately buffered from the surrounding area and any traffic problems caused by the development have been minimized."

Santino is planning a development that would consist of a variety of housing, including single family homes, garden apartments, townhouses and low-rise apartments. A proposed commercial area would be located at the southwest corner of Grass Lake Road and Route 59.

THE GOLF course would be retained as a recreational feature of the plan.

Eventually, Santino says he would like to build a small marina and clubhouse at the southwest corner of the property at the channel that connects Bluff Lake and Petite Lake.

The Lake County Zoning Board had held public hearings on Santino's plan and adopted a resolution recommending that it not be approved.

After the Lake County Board of Supervisors adopted a resolution denying Santino's request for a conditional use permit for a preliminary development plan, and a trial court dismissed his complaint for declaratory judgement, Santino took his case to the appellate court.

THREE CANDIDATES for village trustee said Monday that they are in favor of the village of Antioch annexing the Country Club property.

A candidates' forum was held by the Chamber of Commerce and the Rotary Club at Lorenz's Smart Country House and only three of the six candidates were able to attend. They were Raymond P. Toft, Diane "Willie" Kasik and J. Irving Walsh.

"I would like Antioch Country Club annexed to the village, so

that the village can control it," Toft said. "We shouldn't leave it up to the county to tell us what kind of buildings are going to be there."

"I think the village should control any annexation that close to it," Toft added.

"I'm not running on Ray's ticket, but I agree with him,"

said Mrs. Kasik. "The development is going to happen, so why not control it as much as we can?"

## Robbery Attempted At Reeves Drugs

Antioch police and other lawmen in the area are looking for a man who attempted a robbery at Reeves Drug Store in downtown Antioch shortly after midnight last Saturday.

The owner of the store, Helen C. Borovicka, was working late and called for a police escort to take her to the bank.

Coincidentally, a man arrived

at the store moments later and Mrs. Borovicka, thinking he was from the police department, let him in. He was not in uniform and was described as a white male, about 6 foot 3 inches tall and weighing perhaps 230 pounds.

HE ORDERED Mrs. Borovicka to lie down and tied her

hands and ankles with cord. He asked for money but Mrs. Borovicka told him she had already put it in the bank. The man then raided the store's drug cabinets, putting narcotics into cigar boxes.

As the man was leaving, Antioch police officer Harold Mason arrived at the door. The man spotted Mason, left his loot on a counter and told the officer he had just come in for a prescription and that Mrs. Borovicka was in the back room.

Mason called to Mrs. Borovicka, asking if she was all right.

Thinking it was the voice of the robber she said, "Yes."

AS MASON entered the store, the other man left and was spotted by a witness getting into the passenger side of a car. An

accomplice drove him away, the witness said.

A description of the man and the car was immediately spread to police departments around the area but the subjects weren't found.

"Composite drawings are out and we have a good description of the car," Police Chief Jack Wells said.

"There was no loss of money or drugs, and Mrs. Borovicka was not harmed in any way," the chief said.

## Jenson Park Dedication Set for Apr. 13

Dedication ceremonies for "Doc" Jenson Park will be held Sunday, Apr. 13, at 2 p.m.

The new park is in Sequoit Terrace Subdivision. The village and its parks, playgrounds and recreation committee are inviting the public to attend the event.

A social coffee hour will be held afterwards at the high school.

## Bait Shop Burglarized

Sorenson's Bait Shop at Rts. 173 and 59 was burglarized last Thursday night.

The owner of the store arrived at 6:30 a.m. Friday and found that a rear door had been kicked

in to gain entry. He told police that about \$175 to \$200 in cash was taken.

# 'John Brown's Body' Set To Open at PM&L

The opening performance of "John Brown's Body," the current PM&L production, is set for Saturday night.

Four subsequent performances are scheduled for Fridays and Saturdays, Apr. 11, 12, 18 and 19. All shows, with curtain time at 8:30 p.m., will be at the PM&L Theater, 877 Main St. in Antioch. In making your reservations, remember that PM&L's new telephone number is 395-3055.

BASED ON Stephen Vincent Benet's poem - still the one and only really American epic poem - "John Brown's Body" should help prepare Antioch for the coming bicentennial year.

Stirring music written by Fenno Heath for this peculiarly American classic contributes to the show's unusual format.

"John Brown's Body" becomes a blend of epic poem, original composition, American folk music and Civil War songs.

DON BEVEROTH directs the PM&L production, and Mary Chris LaKome is its music director. The principal roles are taken by Valerie Hunley, Lou Jones and Don MacKenzie.

The inspiring music, much of it innovative, stirring, and sometimes patriotic, is produced by a 19-voice chorus. Its members are Betty Smouse, Pat Jamison, Aileen Biel, Lyn Zaehler, and Nanci Eberman, sopranos; Eva Harper, Tessa Smith, Elmira Beno, Gerry Di Marco and Barbara Beese, altos; Ken Smouse, Bill Baum and Nick Biel, tenors; and Frank Di Marco, Bob Quinn, Don Beveroth, Edward Harper and John Meyer, basses.

This aggregation breathes life into the people of the Civil War, such immortals as John Brown, Abraham Lincoln, Ulysses S. Grant and Robert E. Lee, and such unknowns as Jack Ellyat, Clay Wingate, Melora Vilas and Sally Dupre. Frank Gaughan accompanies the chorus on guitar.

DON MacKENZIE, a newcomer to the PM&L stage, plays one of the leading roles in "John Brown's Body" which opens Saturday in Antioch. Curtain time is 8:30 p.m.

## Conservation Club's Egg Hunt Lures Kids

Saturday was bright and sunny with a nip in the air as some 240 youngsters swarmed over three areas at the Northern Illinois Conservation Club where 80-dozen colored Easter eggs were hidden.

Mixed in were 36 special prize eggs which, when found, were exchangeable for prizes provided by the club. Hunting groups were divided into ages 1 to 4, 5 to 7, and 8 through 10.

On a starting signal the children scattered and searched carefully for the hidden eggs. Some were like Indian scouts and soon had several in their bags. Others needed a little more practice, but in the end, all received either eggs, candy or other souvenirs.

Those winning door prizes were:

Bobby Paschke, Libby Berns, Roxanna West and Jodi Johnson of Antioch.

Katie Sullivan, Paddock Lake; Bobby McCauley, Fox Lake.

## Grass Lake Has 3 Candidates

Three candidates are running for two full three-year terms and one unexpired two-year term on the Grass Lake school board.

Mrs. Jeanne Handschiegel has filed a petition for a full three-year term. Mrs. Handschiegel was appointed by the board in February to fill a vacancy.

Patrick Sikorski has also filed for a full three-year term. Mr. Sikorski has lived in the Grass Lake School District for seven years and has two children attending the school.

John Steitz Jr. is the only candidate running for the unexpired two-year term that is available. Mr. Steitz is an incumbent member of the board.

The resignation of board member Gary Vaughn was accepted at the Mar. 25 meeting. The position will not be listed on the ballot in the Apr. 12 election. It will be appointed after the seating and organization of the newly-elected board.

The polls will be open on Saturday, Apr. 12, from 12 noon to 7 p.m. at Grass Lake School.

## Democrats Frolic on Friday

A spring dance will be sponsored by the Lake County Democratic Party Friday at the Highwood Community Center, 428 Green Bay Rd.

Ray Biondi of Highwood, recently the Democratic candidate for Lake County treasurer, is chairman of the dance.

Sen. Lloyd Bentsen, an announced candidate for the Democratic nomination for President of the United States, will attend the dance. He will come direct from the Ramada Inn in Highwood, where he is scheduled as the guest speaker at a testimonial dinner honoring state representatives Daniel Pierce and John Matijevich.

Gov. Dan Walker is serving as toastmaster at the Ramada Inn and will attend the dance if his schedule permits.

The public is invited; admission is \$2.50.

Karen Schmehl, Jason Johnson and Sindy Quinn of Antioch; Beth Olson, Lake Villa; Dominique, Antioch; Elizabeth Zeien, Grayslake; Keith Mathers, Antioch; Jeff Johnson, Antioch and Pamela Olson,

Lake Villa.

A special feature was the entertainment furnished by the Dingalettes. Composed of "Aujie, the Clown," played by Dorothy Auxier of Antioch, "Peedie Dink," played by

Carrie Roberts of Chicago, and "Mrs. Cookie Monster," played by Judy Andersen of Fox Lake, this trio of young ladies spends long hours entertaining youngsters and old folks who are handicapped or otherwise con-

finied. They travel at their own expense and on their own time.

Persons expressing interest in the club's endeavors included Pat Tanner, Matthew Mance and Richard Tragasz, all of Antioch, who joined the club while present at the hunt. Others interested in conservation are invited to join also.

Money grows faster at the State Bank because we pay you a guaranteed 5% interest, compounded daily, from the day of deposit to the day of withdrawal. (Absolutely no penalty for withdrawals). ## The Town Crier

Antioch suddenly has a lot of vacant apartments. I have a tremendous idea. Let's lower the rents. In many cases, they're outrageous.

ANTIOCH HAS a very interesting election coming up on Tuesday, Apr. 15. Six persons are running for three openings on the village board of trustees. Most of us are on friendly terms with all six, so it isn't going to be easy to choose three. But it behooves all of us to get involved and weigh carefully the merits of the candidates. And then get out and vote.

If you don't vote, and vote wisely, don't show up at a future

# Union Power Grows in Government

By SEN. BARRY GOLDWATER

BARRY GOLDWATER

WASHINGTON — Union power in our enormous government bureaucracy is growing by leaps and bounds.

In only a few years organizers foresee nationwide strikes of public employees similar to those already seen in France and elsewhere.

Government employment over the past few years has grown alarmingly. In 1973, U.S. public employment reached 12.7 million persons - federal, state and local. That was 16.2 percent of all employment in the United States - one person out of every six.

government." That means four out of the 10 new jobs have to produce the kind of taxes it takes to support the other six.

Working for the government is a fine thing, but this nation may soon learn that such employment adds nothing to national production totals.

At last count, 18.4 percent

(one-fifth) of all public service employees belonged to a labor union. Since 1960, the number of government workers in the United States has more than doubled, and in 1960 only 12.8 percent belonged to labor unions.

UNION FIGURES are some-

what misleading because an additional 2.052 million government workers now belong to such groups as the National Education Assn., associations which bargain on behalf of their members and have close relationships with the public service unions.

Taking all of these groups into account produces a total of more than 4.5 million government workers under labor-bargaining contracts.

As government payrolls rapidly increase, the labor unions are quick to move in to siphon off a share of the workers' wages.

Our sincere thanks to all the wonderful people of Antioch for making the VIP dinner-dance such a huge success.

Our special thanks to the chairman and co-chairman Walter and Betty Podlin; to Betty Hope, publicity chairman; Fr. Johnson and Fr. Melcher, our pastor and associate at St. Peter's.

Also to Kay Wells, Dan Dugenske, Gene Zannini and Ida Curry for the fabulous meal. Hats off to Hank Apostol, who headed the decorating crew which included Jane Craner, ACHS art teacher, assisted by Sharon Beckmann and her 7th graders of St. Peter's; Sue Apostol, Theresa Becker, Fred Chase, Jim Davis, Julie Hope, Kim Horsch, Steve Ksioszk, Kim Matesi, Linda Olsen and Mark Telinski for transforming our Social Center into a lovely springtime bower, a replica of the town's Mini-Park.

We are grateful to all and especially to Sister Virginia and the Sisters and girls who served so efficiently.

To all the women who worked in the kitchen and those who served the food. To Babe Wagner, who played the organ during the cocktail hour, and Ben Wagner, our very efficient head bartender.

And last but not least, Kevin Mulhern, master of ceremonies. God love you all for making this evening one of the happiest memories of our lives.

## Opinion

### 12 or 13c for First-Class Letter?

The price of a first-class letter, which now carries a 10-cent stamp, will be 12 or 13 cents by the end of the year. That's the prediction of Postmaster General Benjamin Bailar in Washington, D.C.

We think that's getting out of hand, even though Mr. Bailar says "we are experiencing some very substantial cost increases. We are presently operating at a deficit."

"We are having the same inflation that is plaguing the rest of the country," the Postmaster General says. "And we have labor negotiations coming up this summer."

It was only about a year ago, in March of 1974, that a first class stamp went up from 8 cents to 10. If the rate for first class mail goes to 12 cents it will have doubled since 1968.

Bailar predicts difficult negotiations with postal workers, whose contract runs out in July.

Much first class mail now goes by air. So maybe 12 cents is acceptable for letters that are mailed a long distance. But we're for having the postal service keep the price at 10 cents for local mail, and perhaps for mail that goes only as far as Chicago or Milwaukee.

**FARMER'S ALMANAC**

APRIL 7-13, 1975

Ah, the violet's perfume!

Remove snow covers from your shrubs... F.D.R. died April 12, 1945... New moon April 11... Income taxes due on the 15th... Average length of days for the week, 13 hours, 7 minutes... Ireland without food this week in 1847... General MacArthur sacked by H.S.T., April 11, 1951... Peepers are peeping now... Fear knocked at the door, Faith answered and nobody was there.

Ask the Old Farmer: I can remember when the young girls were known as "flappers," but I never knew what it meant. Do you? F. S., Decatur, Ga.

The word was sort of imported from England. A flapper, as the English call it, is a young duck, too young to fly, but which will flap its wings wildly in the attempt when startled or enthused about anything. Rather apt, we would say.

Home Hints: Next time you braise shoulder lamb chops, add some strips of carrot and onion to the braising liquid. You'll like the flavor.

village board meeting and start complaining about how the community is being run. You get your chance on Apr. 15 to help determine that.

A FEW YEARS ago, when my daughter was 6, she complained of dizziness and seeing double, so we called an ophthalmologist.

"Well, let's see," his secretary said, paging through the crowded appointment book. "We can get her in sometime in September." This was in April. Oh well, what's five months when your little kid is only feeling dizzy and seeing double?"

THERE IS an old joke about a group of people in a doctor's waiting room. Every chair was filled and some patients were standing.

After a long stretch of waiting in silence - waiting and waiting - an old man stood up wearily and announced:

"Well, I guess I'll go home and die a natural death."

THAT REMINDS ME of my favorite true story. I was talking to an 85-year-old man one day and he said:

"You know, if I had known I was going to live this long I would have taken better care of my body."

Hear ye!

"Could you hurry this along? I'm double parked."

company," said Joseph F. Scheuerman, District Manager for Commonwealth Edison Company.

Con-artists, operating alone or in small groups, have victimized hapless homeowners by making cursory wiring inspections and informing the homeowner that extensive work is needed to bring the home up to city standards (that'll be \$300 in advance, please).

Another popular tactic is to get the homeowner in an isolated part of the home, while an accomplice scours the home for valuables.

Scheuerman explained that most visits to homes by Commonwealth Edison employees occur only after specific requests from customers. Except for very extreme emergencies, Edison workers do not make inspections inside residences. "That would be the job of a private contractor," he said.

"In any case, always ask for proper identification from anyone claiming to be from the electric company," warned Scheuerman. "Every Commonwealth Edison employee has an identification card with his picture on it. If any of our customers are still in doubt after seeing proper identification, he should call the service office to double check."

## You Can't Fool Youngsters When It Comes to Candy

When it comes to guessing the number of jelly beans in a jar, youngsters have fantastic ability.

That was proven during the last couple of weeks in the First National Bank of Antioch's Easter Contest.

Nobody knew the exact amount, but when they were counted last Friday the total turned out to be 572 jelly beans.

Tammie Traves, 11, of Antioch, had guessed 573. So she was the winner for first prize, a \$25 Sammy Sequoit Savings Account.

Antioch, said 569 jelly beans and that was the second closest guess. Bonnie, 12, won a \$15 savings account.

Third prize was a pair of Mr. and Mrs. Easter Bunny puppets and they were won by Julie Ann

Rey, 10, of Antioch, whose guess was 560 jelly beans.

A lot of youngsters 12 and under entered the contest, and it was amazing how close so many of them came to the actual number.

## Buffalo roam Illinois range

By MARIAN GALLERY

MARENGO — Buffalo roaming in McHenry County sounds like the beginning of a yarn. The location of the area, known as Coon Creek Road, adds to the story.

However, Buffalo in McHenry County is no yarn nor is the name of the road. What is really missing are the pounding of hoofs and the howl of the red man.

The story of the raising of buffalo was told, for the most part, at the kitchen table of Mr. and Mrs. George Reid. It concluded on the property of Reid's neighbor and business partner, John Banghart, where the beginnings of a herd of buffalo can be seen.

The birth of the plan took place a year or so ago when Reid carried a sample of buffalo meat home to his wife from an open-air shindig.

She loved it. And like any typical woman, refused to think that more of the same could not be forthcoming one way or another.

## Want to rent a lion?

By GIL REID  
Copley News Service

ADDISON, Ill. — She stopped what she was doing when I entered the room. Tanya's brown eyes looked me over.

She got up and came slowly over to where I stood.

Tanya is not the type of girl I often meet. She's a 7½ month-old female African lion.

As I stood there, impressed by her hefty 110-pound size, she sniffed my pants leg then slowly rolled over on her back and looked up at me. She wanted to play.

All of that soft, light-brown furry trust belongs to Mitch and Carol Mathena of Addison.

The Mathenas, along with almost too many friends to count, live in a small house set far back off the street.

The majority of these friends, however, are not people. They include: two monkeys, two coyotes, several reptiles (kept in basement cages) and six assorted full-sized dogs.

Mike and Carol sell the reptiles to pet shops and private individuals for their living, but this is not their goal.

"I want to start a roadside zoo," Mitch said matter-of-factly.

When asked why, he replied, "Just something to do."

THE PRESIDENT OF THE FIRST NATIONAL Bank of Antioch, LaVerne M. Woods, presents a Sammy Sequoit Savings Account to Bonnie Wallen (center) and a pair of Mr. and Mrs. Easter Bunny puppets to Julie Ann Rey. They placed second and third in the bank's Easter contest - guessing the number of jelly beans in a jar. Tammie Traves (above) was the winner of the first prize: a \$25 savings account. She was on vacation Saturday when this picture was taken.

## The Kitchen Almanac

**Staggering Statistics** — In 1974, California devoted 52,000 acres to growing cling peaches. Thirty-five thousand California acres produce 99% of all American grown olives.

Dinner candles add a simple, elegant touch to any dinner table. And, candle wax can be removed from fine tablecloths by carefully scraping the wax

with a dull knife. Then, place the stained area between several layers of white tissues or white paper towels and press with a warm iron. Launder the tablecloth in the usual way. It will be as clean as the day you bought it.

For a dinnertime change of pace, serve barley instead of rice. Prepare quick or regular barley according to package directions and serve with a favorite topping such as meatballs in tomato sauce or creamed chicken. Diet trick—serve smaller portions on smaller plates.

Seafood has a delicate flavor that should not be overwhelmed by too much seasoning. Also, do not refreeze thawed seafood or thaw frozen seafood at room temperature.

## Chain of Lakes Group To Hear Views of Public

Chairman William E. Brook of Antioch has called a special public meeting of the Chain of Lakes-Fox River Commission. It will be held at Grant Community High School at 7 p.m. on Friday, Apr. 11.

"The purpose of this special meeting is for the commission to hear testimony from the public concerning two proposals the commission is considering," said Chairman Brook.

"The first proposal is for the construction of a containment area at the west end of Nippersink Lake to hold the spoil from dredging of the navigational channels in Nippersink Lake. This would be the first step in an overall effort to return the lakes to their natural depths.

"THE SECOND proposal,"

said Brook, "concerns the creation of an authority to manage the Chain of Lakes and the Fox River from the Wisconsin state line to the dam at Algonquin. This authority would not have a tax base, but would operate from user-related fees, such as lock fees and launching fees."

The Lake County townships covered would be Antioch, Grant, Lake Villa and Avon. The McHenry County townships would be McHenry, Nunda, Algonquin, Richmond and Burton.

COPIES OF the two proposals will be available for public inspection at the Antioch village hall, the Fox Lake village hall and the McHenry city hall.

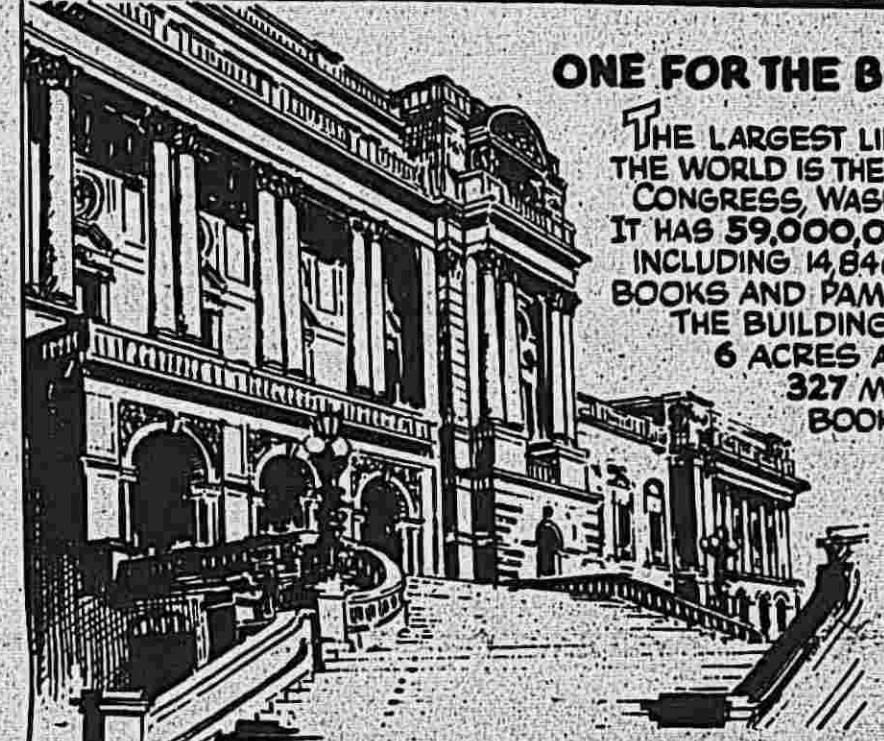

Brook asked that anyone wishing to testify on either of

the proposals notify the commission by Thursday, Apr. 11.

"We would recommend that any organized groups designate one member to act as a spokesman for the entire group," he said. "It would be helpful, also, if written statements could be furnished to the commission."

The commission address is P.O. Box 369, Antioch. The telephone number is 395-5899.

## Along the way with ANNIE MAE

Sure hope the Easter Bunny made it to your house in spite of the cold weather. Lots of Easter finery was on parade anyway — just covered up with winter coats this time.

Hear tell a local fireman was instrumental in saving a man's life a couple of weeks ago at the Rustic Manor restaurant in Gurnee. Thanks to his fine training from the Antioch Fire Department and the Rescue Squad, he was able to administer the proper aid and the man is recovering quite nicely from a heart attack in Victory Memorial Hospital.

BESURE to stop in the Little Gallery and meet Mary Ellen Young who has taken over ownership from Jackie Olisar. She has lots of lovely gifts for any occasion plus a tremendous assortment of Hallmark greet-

ing cards. We wish you lots of success in your new venture, Mary Ellen.

Jo and Mel Wohlfeil recently returned from a month's vacation to Treasure Island, Florida. Mel is still recovering from open heart surgery and thoroughly enjoyed the warm weather. While there visiting former Antioch residents, Bob and Jenny Ecklund the Wohlfeil's celebrated their 39th wedding anniversary on Mar. 25 by attending the dog races. Hear you really know how to pick them Jo!

The surprise party for Charlie Haling last Saturday evening was a smashing success. Over 200 people attended and they even swore Charlie in as Mayor of Grass Lake. Lots of fun for everyone!

Gert and John Tegelman recently returned from Las

Vegas. Hey John, how was your luck?

OUR CONGRATS to Gloria Grippando who has signed a contract with Delmar Publishers, a Division of Litton Educational Publishing, Inc., in Albany, N.Y., to be the consulting Editor for a new nursing text series. Gloria will be doing some editing, selecting titles of books to be included in the series, selecting authors and developing the contents of the books. That's quite a feather in your cap gal, keep up the good work!

Harry and Elma Cole have just returned from sunny Florida after spending months visiting friends from Antioch in Daytona Beach, Tampa, Orlando, St. Petersburg, Clearwater and Tarpon Springs. While there, they also visited Disneyworld, and the Cypress and

Busch Gardens in Tarpon Springs. Rose Hites and her daughter, Gloria; Veronica Glennon; George and Dorothy Paty; and Wayne and Nancy Densch, formerly of Waukegan, were some of the people they visited with.

Congrats to Jeannine and Joe Leonhart who became parents for the first time on Mar. 25. Little Jennifer Jo tipped the scales at 8 lbs. 13 oz. and according to her grandma, Mabel Lou Weber, she's the most "beautiful little girl in the world." This is the first grandchild for Arnold and Mabel Lou who have been anxiously awaiting this great event.

Congrats also to Mary and Eugene Simbrowsky who became parents of a bouncing baby boy on Mar. 26. Mark weighed in at 7 lbs. 12 oz. Proud grandparents are William and Ann Simbrowsky of Antioch.

HATS OFF to Ed Pilar, an Antioch Community High School sophomore, who left for Washington D.C. last Monday on a weather aircraft. Ed is the youngest professional meteorologist in the country. While in D.C. he will meet with the Secretary of Commerce and then he will fly out to California to meet with President Ford. Ed lives with his parents in Oakwood Knolls and has been forecasting the weather since

he was 11 years old. See story further on in The Antioch News.

Emmons school parents club will present "Spring Fashions '75," their annual dinner and style show at the Brae Loch Country Club on Apr. 17. Modeling the latest in Spring Fashions from Four Squires in Antioch will be Jacque Vogt, Anne St. Pierre, Georgia Miller, Phyllis Drije, Jan Ranney, Beverly Kramer, Sue Ellen Fischer, Gina Teresi, Harry Lindgren, Bill Nauman and Roger Plechaty, Jr. Call Judy Nauman, 395-0957, for tickets.

Hear tell it will be the longest birthday party ever when Donna Barth celebrates on Apr. 3 at the Village Pub. Hope you have a super day, Gal.

Birthday greetings to Laurie Alberg and Sandy Bartlett on the 3rd, to Betty Smouse, Sue Kasik, Mike DeStefano, and Eddie Poulos on the 4th, to Pat Harland and Philip Thiele on the 6th, to Lenore Dunlap and Steve Vos on the 7th and to Bob Carney, Kelly Walker and Karen Boarine on the 8th.

Who is that walking around this town in his "Blue Suede Shoes?" Why it's "Mr. Tidy-bowl!" I hear!

Don't forget, this Thursday the Harlem Globetrotters will be at the Antioch High School. Show begins at 6 p.m. and promises to be a full evening of fun for all.

See ya,

## Emmons Completes Banner Year

The Emmons School basketball team has completed the best year in the school's history.

The 8th grade team, winner of two titles, lost its first game and then won 16 straight.

The 7th grade team, also winner of two championships, completed the year with an identical 16-1 record.

The 8th grade team outscored its opponents by an average of 20 points in the games it won. The Raiders compiled a 48.5

scoring average while allowing their opponents only 30.1 per game.

"Aggressive defensive play," was cited by Coach Mike Mitchell.

"The key to the team's success was its ability to play team defense," he said. "Greg Bodin and Roger Plechaty did a great job, but all the players did a fine job," he said.

Individually, the Riders were led by Nick Carl with a 14.8

point average. Following Carl in point production were Scott Gallagher with 11.1 points a game as well as directing the offense. Also contributing offensively were Greg Bodin with a 9.9 average, Rob Nauman 7.4, Plechaty 5.8 and Tom Connelly with a 3.3 average.

Bodin led the team with 143 rebounds, an average of 8.9 a game. Carl hauled down 129 rebounds while Nauman added 59 and Gallagher 58.

Emmons averaged nine rebounds a game better than its opponents.

The 7th grade team was led offensively by Dee Maras with 9 points a game, followed by Kurt Selak with 7.3 and Mike O'Brien with 6.8.

Coach Chuck Spillner expressed delight with the season. "It was just great," he said. "I was really pleased with Mike O'Brien and Dee Maras. And Ronnie Nauman really showed improvement."

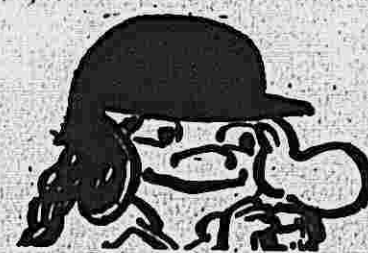

Emmons' 7th grade Raiders outscored their opponents by an average of 36 to 14 points a game.

"Defense led to the successful season," Coach Spillner said.

EMMONS' 7TH GRADE BASKETBALL TEAM has finished the season with a 16-1 record. Front row from left: David Berchtold, Kurt Selak, Mike O'Brien, Dee Maras, Gary Volling, Greg Schroeder, Robert Thain and Tom Christiansen.

## ACHS Frosh Should Help Varsity in Future

Antioch High School's freshman basketball team has clinched a highly-successful season by finishing first in unofficial conference standings. The freshman "A" team's record in the conference was

11-2. Overall the team won 13 and lost only 5.

The frosh averaged 47.6 points a game while holding opponents to an average of 41.2. In conference play they outscored their rivals by an

## Speedway Will Open Apr. 12

A brief return of winter weather and sub-freezing temperatures last week forced promoter Gordon Sill of the Waukegan Speedway to postpone the announced opening night one week. It will be held Saturday night Apr. 12.

Most of the track facility was ready to go, but soft ground in the parking lot, grandstand area and pit area forced the seven day delay.

When opening night does come, a practice session is slated at 5 p.m. with time trials at 7:15 and the first race at 8. Fans and participants can contact the speedway at 662-8200 for information in case of cold or threatening weather on Apr. 12.

The Apr. 12th opener will be the earliest slated at Northern Illinois tracks and is expected to attract a host of asphalt track stars to the Waukegan quarter-mile oval.

Many of last year's favorites are ready with new cars for the 1975 season, but two top contenders - Bob Roper and Tom Jones - are expected to be in the pit area looking for a temporary ride as their new cars are not yet finished.

## Jewish Ceremony Held At Christian Church

Christ Lutheran Church at Paddock Lake became the setting for a Jewish Passover (Sedar) meal Tuesday evening, Mar. 25. Members and friends of the congregation participated in the sights, sounds, smells, tastes and rich meaning of this ancient Jewish ceremonial meal.

The Passover for Jews is celebrated annually at the same time that Christians celebrate Holy Week.

David Carlson, member of Christ Lutheran congregation, officiated at the meal, assisted by his wife Barbara, who is Jewish. The Sedar experience was offered, according to the Rev. Phil Borleske, pastor, to give Christian members and

friends a better appreciation of the Passover celebrated by Jesus and His disciples prior to His death. Jesus transformed that Meal into the Lord's Supper, or Holy Communion, celebrated by Christians.

The observance was also an opportunity for Christians to better understand the Jewish faith, customs and rituals. Christians and Jews share many deep religious roots.

The Passover recalls God's deliverance of the Hebrew people from slavery in Egypt 3,000 years ago. The Angel of Death "passed over" the Hebrews, while striking down many of the Egyptian oppressors. With that, Pharaoh (ruler) freed the Hebrews. They began

their exodus to Canaan (modern Israel), the "Promised Land."

Each of the Passover foods eaten during the meal carries rich symbolic meaning. Matzos, unleaven bread, recalls the haste with which the Hebrews fled Egypt, leaving them only enough time to bake the unraised bread in the hot desert sun. Moror (horse-radish) is a reminder of the bitterness of slavery in Egypt. Charoses, a mixture of apples, nuts, cinnamon and wine, stands for the mortar and clay bricks produced by Hebrew slave labor. Its sweet taste also symbolizes God's kindness.

Parsley (for spring) dipped in salt water recalls the tears shed by Jewish mothers when their

sons were taken from them. The salt water also symbolizes the miracle of the Red Sea crossing to freedom. An egg stands for life. A roasted lamb bone is a reminder of the Paschal lamb sacrificed and eaten the night of the Egyptian exodus.

A cup of wine is poured for the prophet Elijah, and at one point during the Sedar service a door is opened for his possible entry.

Passover is a family meal. The father, head of the household, "Officiates." All

members participate. Four young children ask four ritual questions. After the main meal, youngsters search for hidden aphikomen (dessert), which they "redeem" for a surprise gift. The evening ends with songs and stories.

Originally, the Passover observance at Christ Lutheran Church was planned for about 20 participants. More than 60 attended. Interestingly, Jewish practice provides that no matter how crowded the table, no one will be turned away. All are welcome.

### U. S. just keeps 'traveling along'

The Highway Users Federation estimates that in 1974, motor vehicle travel in the United States averaged about 2.4 million miles — a minute!

That's a grand total of 1.26 trillion miles for the year. — CNS

### Farmers produce more than we need

American consumers use only half of the wheat, two-fifths of the rice, half of the soybeans and two-thirds of the cotton produced on our farms, according to the Council of California Growers.

If our farmers were required to produce only what we need in this country, the council says, we would have to get rid of half of our farmers. — CNS
